Trees

Royal Frost Birch: 30-40'h x 15-20'w. Full sun. This beautiful Birch features white bark and burgundy-red foliage. It is fast growing and resistant to the Bronze Birch Borer.

Candymint Crabapple: 8-10'h x 15-18'w. Full sun. This ornamental tree is perfect for smaller spaces. It features profuse amounts of carmine buds that open to bright pink blossoms. The foliage has a purple tinge and darkens to bronze in the fall. Fruits are persistent and ripen to a deep purple. Shows excellent disease resistance.

Louisa Weeping Crabapple: 15'h x 15'w. Full sun. This weeping Crabapple features red buds that open to true pink flowers. Its dark, glossy green foliage and persistent golden fruit make it an excellent specimen in the landscape.

Tina Crabapple: 6-8'h x 8-10'w. Full sun. This dwarf Crabapple is great for small spaces! It has pink-red buds that open to white flowers, followed by tiny red fruits. Disease resistant!

Beijing Gold Pekin Lilac: 10-12'h x 8-10'w. Full sun. This interesting tree lilac features primrose yellow, wonderfully fragrant blooms in mid-summer. The shiny, cinnamon colored bark adds to this tree's year-round beauty.

Yellow Lantern Magnolia: 15-25'h x 10-15'w. Full sun to part shade. This gorgeous Magnolia blooms in the early spring with creamy yellow, tulip-like flowers. Outstanding accent in the landscape!

Brandywine Maple: 25'h x 12'w. Full sun. This Maple is perfect for tight spaces! It features medium green foliage that gradually turns to red and then into brilliant reddish-purple in the fall. No fruit or messy seedlings on this Maple!

Howell's Dwarf Tigertail Spruce: 8-10'h x 10'w. Full sun. This interesting Spruce features two-toned needles, silver blue on bottom and greenish-yellow on top. Great specimen for small spaces!

Shrubs

Fernleaf Buckthorn On Standard: 8-10'h x 8-10'w. Full sun. This tree-form buckthorn is a great accent in the landscape. Its finely textured foliage and excellent yellow fall color make it a must see!

Blue Mist Caryopteris: 2'h x 2-3'w. Full sun. This low-growing shrub is valued for its long flowering season, from July until frost! It is covered with blue flowers, which bloom on new growth. It benefits from being cut back hard in early spring.

Sungold Falsecypress: 5-6'h x 6-8'w. Full sun to part shade. This slow growing evergreen features bright yellow new growth that fades to lime green as it matures. Interesting specimen for the landscape!

Tickled Pink Hydrangea: 4-5'h x 5'w. Part shade. This compact Hydrangea has cone-shaped blossoms that start out a soft white then gradually turn a rosy pink. Many of the petals have a curved shape, giving this variety a lacy, one-of-a-kind look.

Center Glow Ninebark: 8-10'h x 8-10'w. Full sun. This Ninebark has outstanding foliage that emerges a glowing yellow-green and matures to a bright red-purple. It also has creamy-white flowers that bloom in clusters in the spring.

Coral Cove Rose (Easy Elegance): 2'h x 2'w. Full sun. This everblooming shrub rose features double, 3" blooms that are dark pink at the edges, changing to orange and finally to bright yellow at the center. Perfect size for the front of a landscape bed!

Young Lady Smokebush: 8-10'h x 8-10'w. Full sun. This beautiful Smokebush features green foliage that changes to orange-red in the fall. The blooms (which resemble puffs of smoke from a distance) cover the shrub in mid-summer.

Tiger Eyes Sumac: 6'h x 6'w. Full sun. This interesting Sumac has brilliant golden-yellow foliage and rosy-pink leaf stems. The branches angle upward while the fern-like foliage drapes downward, giving it a rather oriental look.

Juddii Viburnum On Standard: 6-8'h x 8'w. Full sun to part shade. This tree form Viburnum features white, fragrant clusters of flowers in the spring. Perfect patio tree or small accent tree!

Perennials

Miss Ruby Butterflybush: 4-6'h x 3-4'w. Full sun. This *Proven Winner* has a tight, compact form. Its foliage has a silver cast and its rich pink blooms are sure to attract the attention of butterflies and hummingbirds.

Earth Angel Hosta: 30" h x 36" w. Part shade to shade. This Hosta features large, heart-shaped leaves that are blue-green with wide, creamy white margins. It has pale lavender flowers that appear in mid-summer.

Guacamole Hosta: 24" h x 24" w. Part shade to shade. The huge, apple green leaves of this Hosta develop dark green margins and brighter chartreuse centers in summer. Large, fragrant white flowers emerge from lavender buds in mid-summer. A sport of 'Fragrant Bouquet'.

Wide Brim Hosta: 14-18" h x 18-24" w. Part shade to shade. This Hosta features dark green leaves with wide margins of buttery yellow. Pale lavender flowers open in mid-summer.

Vera Jameson Sedum: 10-12" h x 18-24" w. Full sun. This perennial features mahogany-purple foliage and pink blooms that appear in late summer into fall. Great accent in the garden!
