NEWS AND NOTES

December 2006

Happy Holidays from

Iowa Outdoor Products!
2006 is almost behind us, and it's been a great year here at IOP. But we couldn't have done it without all of you, our customers. So a big **Thank You** goes out to all of you from all of us here at IOP. Feel free to stop in or drop us an email (iop4@hotmail.com) with any questions or comments. Happy Holidays!

Did You Remember...

- ✓ Mulch - keeps your plants insulated against the cold temperatures.
- ✓ Tree Wrap - protects your trees from animal and frost damage.
- ✓ Wilt Pruf - helps protect against moisture loss in your evergreens (prevents winter burn).
- ✓ Deer Guard - ready-to-use spray that helps repel deer and other animals from your plants.
- ✓ Pond/Fountain Shut-Down - be sure to remove the pump from your water feature and drain any excess water. For concrete fountains (and pots too), cover with a tarp to prevent any moisture from freezing in the fountain.

Featured Item "Trug-Tubs"

Versatile and tough, these **trug-tubs** have dozens of uses in the garden and home. Made of 100% recycled polyethylene, **trugs** are flexible and light, making them incredibly easy to carry, even one handed! Gardeners can fill them up with water, soil, leaves, or tools. They won't dent, rust or crack. Or use them in your home for toy storage or an all-purpose tote!
